

CraigCor
Distribution Co. (Pty) Ltd

**A distributor's role
is to be an extension
of the vendor itself
by providing
specialist product
knowledge,
support infrastructure
and logistical
expertise.**

Introduction to CraigCor Distribution Co. (Pty) Ltd

CraigCor Distribution Co. is an AAA+ Distributor of Allen-Bradley equipment for Rockwell Automation South Africa as well as exclusive Distributors of Hardy Instruments' range of process weighing equipment to Sub-Saharan Africa. We are based in Bedfordview, Gauteng, South Africa and have served industry for more than ten years.

Internally we find ourselves excited by the prospect and reward of growth. Stagnation, mediocrity and pessimism are not options. As a dynamic company willing to adapt to the market, we intend to be the most valued partner to all our clients and will settle for nothing less.

At CraigCor Distribution Co., we value people who embrace progress and thrive in a culture of innovation. By attracting, training and retaining highly knowledgeable sales staff we are always in a position to offer our clients reliable solutions that exceed their expectation.

In order to address our clients' needs we have identified four factors on which to focus our attention. These have been encompassed by our 4 Point Promise which is at the core of every function at CraigCor.

Product Knowledge

At CraigCor, we focus exclusively on Allen-Bradley and Encompass Partner equipment. With years of experience, we continually show exceptional product knowledge and expertise.

Product Quality

With a proven track record and world-wide installed base, products represented by us are renowned in industry for quality, reliability and innovation.

Stock Holding

Being able to access equipment timeously is essential for our clients. For this reason, we hold a comprehensive range of products and continually invest in the expansion of our inventory.

Service & Support

With our in-house Field Service Division we offer unparalleled support services optimising the up-time and efficiency of our clients' operations by implementing a range of pre-emptive, planned and reactive maintenance services.

AAA+ Distributors of Allen Bradley for Rockwell Automation

We've worked closely with Rockwell Automation South Africa for more than ten years; in this time we have built an exceptional relationship and have been accredited as an AAA+ Distributor. We are especially proud that on four separate occasions, we have been awarded the prestigious "Rockwell Distributor of the Year" award. Focusing entirely on Allen Bradley products, we are able to align our internal processes with those of Rockwell, making for more streamlined service and product delivery.

Exclusive Distributors for Hardy Instruments is Sub-Saharan Africa

Hardy Instruments, a Rockwell Automation Encompass Partner, is a leader in industrial weighing and tension control instrumentation. The company is well known for bringing innovative solutions to the process industry including Waversaver, C2 2nd Generation Calibration and Integrated Technician. Hardy Instruments offer an extensive line of weight controllers, weight indicators, Allen-bradley PLC & PAC plug-in weigh scale modules, rate controllers, load cells and accessories for process control.

Our Field Service Division, launched in 2008, has the sole mandate of optimizing the up-time and efficiency of our clients' operations by implementing a range of pre-emptive, planned and reactive maintenance services.

▾ Pre-Emptive Maintenance

- Documenting of PLC / HMI / SCADA programs
- Drive calibration, tuning and adjustment
- On-the-job training for equipment operators and maintenance staff
- Control, electrical, and mechanical inspection of automation systems and equipment
- Evaluation of Plant Spares holding
- Recording of all actions performed on site
- Network diagnostics and reporting
- Plant Wide backup and Off-Site encrypted storage of PLC's, HMI's, Networks, Drives & SCADA

▾ Planned Maintenance

- PLC / HMI Migration
- Drive commissioning
- Start-up programs
 - Basic setup and configuration
 - User training and initial assistance
 - Application programming assistance

▾ Reactive Maintenance

- 24Hr Break-down assistance
- Emergency access to stock
- Product Failure Actions

▾ Other Services

- SLA's (Service Level Agreements)
- Consultancy
 - Control system design
 - Network topology design
 - Plant wide specification
- Kitting
- Supply of 'Ready-to-Run' computers with Rockwell Software loaded, activated and ready to program
- Sourcing of hard to find or obscure products
- Specifying of Allen-Bradley equivalent to other products

Products

▾ Controlgear

- Contactors
- Motor Protection Circuit Breakers
- Motor Circuit Breakers
- Moulded Case Circuit Breakers
- Motor Protection
- Soft Starters
- Variable Speed Drives
- Control & Load Switches
- Relays And Timers
- Solid State Devices
- Temperature Controller
- Circuit Protection
- Power Supplies
- Control & Indication
- Terminal Blocks

▾ Computers

- Industrial Displays
- Industrial Computers
- Industrial Computers with Display
- Desktop Workstations
- Application Servers
- Engineering Notebooks
- Accessories

▾ I/O Systems

- Chassis Based
- In-Cabinet, Distributed
- On-Machine, Distributed

▾ Motion Control

- Servo Drives
- Servo Motors
- Encoders

▾ Networks & Communications

- ControlNet
- DeviceNet
- EtherNet
- Data Highway Plus
- DH-485
- Modems
- Remote I/O

▾ Operator Interface

- Message Displays
- PanelView Component
- PanelView Standard
- PanelView Plus
- PanelView Plus CE

▾ Power & Energy Management

- Powermonitor
- Software

▾ Process & Instrumentation

- Pressure
- Temperature

▾ Process Weighing

- Plug-in Weigh Scale and Feeder control modules
- Stand Alone Weight and Feeder controllers
- Load cells / sensors
- Scales
- Junction Boxes

▾ Programmable Controllers

- CompactLogix
- ControlLogix
- SoftLogix
- DriveLogix
- MicroLogix
- SLC500

▾ Safety

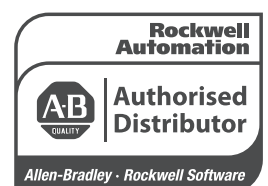

- Contactors & Control Relays
- Emergency Stop Devices
- Interlock Switches
- Limit Switches
- Presence Sensing Safety Devices
- Prosafe Trapped Key Interlock Switches
- Safety PLCs
- Safety Relays

▾ Sensors

- Capacitive Proximity Switches
- Inductive Proximity Switches
- Photoelectric Sensors
- Ultrasonic Sensors

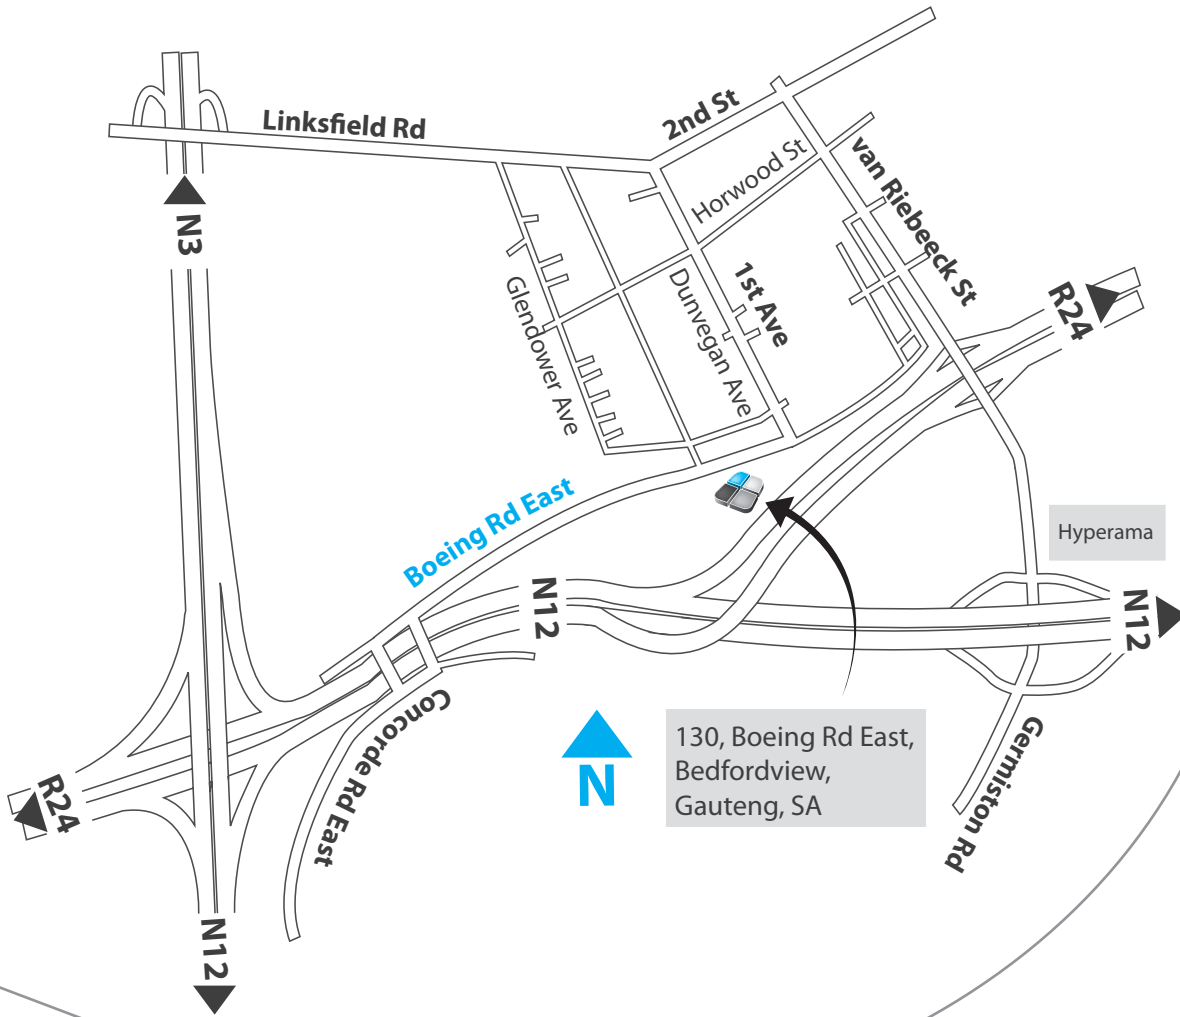

▾ Software

- Communication
- Visualization
- Logic
- Information
- Training
